

Office Memorandum • UNITED STATES GOVERNMENT

STATINTL

TO : General Counsel
Attn:
FROM : Deputy Budget Officer

DATE: 9 December 1949

SUBJECT: Proposed Executive Order Covering Regulations Applicable to Allowances under Public Law 110

1. It is believed that consideration should be given to the advisability of adding a sentence to Paragraph 3 of the proposed Executive Order reading substantially as follows:

"In the absence of regulations approved by the Director of Central Intelligence, the regulations governing allowances and related procedures issued by the Secretary of State shall be followed".

2. There are attached some notes pertaining to suggestions in connection with a slight rewording of some portions of the proposed Executive Order.

STATINTL

3. The urgent need for having this proposed Executive Order immediately signed by the President is apparent in view of the fact that there arises the technical question as to the Director's authority under Public Law 110 during the interim period.
